## **S.A. PONY RIDER CHAMPIONSHIPS**

# *Welsh Ponies sweep the board*

The South African (SANEF) Pony Riders Championships were recently held at Kyalami Equestrian Park with riders from the entire country striving for top individual and team honours in Showing, Dressage, Eventing, Equitation and Show Jumping. It soon became obvious that without Welsh Ponies there would have been very little competition. All the Showing Teams with one or two minor exceptions comprised Pure and Partbred Welsh Ponies and all the Individual Showing and Working Champions and Reserves were Welsh Ponies from Gauteng, Western Province and Free State. The Dressage Championships were completely dominated by Welsh Ponies and most of the top riders in the Equitation Competition had grown up through Welsh pony ranks.

Congratulations to all our Welsh Ponies and their Riders on your consistent success in Pony Rider National Championships.

# Choose the Judges for Nationals 2008

This is your opportunity to put forward nominations for judges at our 2008 National Championships. We need suggestions for:

- An overseas (or local) judge for Breed and some ridden classes.
- A local judge for 3-gaited riding classes and working classes
- A local judge for dressage and riding classes
- 3 judges for Harness classes (this could include the overseas judge).

All nominations will be discussed at the Council Meeting of 8th September so please use this opportunity to tell us who you would like to see judging at Nationals.

Send your nominations to the Secretary by post, e-mail or phone or give the names to your local Administrator or Council Member.

We would also like your feedback on whether to continue with the Veterans class and whether to again hold our Supreme Championships on Tuesday evening ( but not at 10 o' clock at night!!)

## WP&CS Council Notes and Notices

### Changes to the Constitution

Several changes to the constitution were passed at the A.G.M. on 30th April. Whilst a few were house-keeping matters some were major issues. The most important of these was the change to the election of the general Council members (i.e. not the Regional Councillors). In future one General Council member must be nominated in writing by the members at least 21 days before the A.G.M. If more than one nomination is received the members present at the meeting will, in a closed ballot, elect the Council member from the nominations. The other major change was that the Annual General Meeting may now be held any time within nine months of the end of the financial year. This gives us the opportunity to hold the A.G.M. at a date that does not clash with the National Championships and allow more time for discussion by the members.

#### The process of changing the Constitution

Because there were several proposed changes this year I've received a number of enquiries about how the process actually works. Any senior member in good standing (i.e. one who has paid his account up to date) may make a proposal to the Annual General Meeting. Proposals must be with the Secretary forty days before the A.G.M. and must be seconded by another senior member in good standing. The reason for the forty day ruling is because this gives time for the proposal to be translated into either English or Afrikaans as required and included in the A.G.M. agenda which is sent out in both languages thirty days before the date of the meeting. The thirty day requirement allows for delays in postal delivery (only one third of our members have e-mail access) and gives members time to study the proposals. Since members can give proxy votes for the A.G.M. we must allow time for them to consider all aspects of a proposal and decide how they want to vote on the issue. For the same reason we do not accept new proposals from the floor at the meeting, although amendments to tabled proposals are allowed.

For any proposal other than a constitutional change a simple majority is sufficient to pass the proposal. However for a constitutional change to be accepted it must receive support from a two-thirds majority of

the paid-up members present at the meeting. Constitutional changes can have far -reaching effects on the Society and this is a safeguard to ensure that the majority of members are in support of the changes.

Once any other proposal is passed it comes into immediate effect but this is not the case with a constitutional change!

The Animal Improvement Act requires that all constitutional changes are approved by the Registrar of Livestock before they can become effective. The Registrar requires Breed Societies to submit their changes to S.A. Studbook Association who check that the changes are in line with the SASBA constitution and confirm to the Registrar that they approve the changes. Only once this has been done will the Registrar examine the changes and decide whether to give his approval. This process can take up to eighteen months and no constitutional changes can come into effect until written approval from the Registrar has been received. So, frustrating as it may be to our members, we can't "just change the constitution".

### **Honorary Life Member**

Congratulations to Trudie Gilfillan on being made an Honorary Life Member of the Society in recognition of her contribution over the past thirty something years!

### **Legion of Merit**

Legion of Merit Awards were presented to Glenluce Ballantrae ( ridden) owned by Kari Larkins); Braidwynn Belinda (ridden) Llandilo Belinda (ridden) both owned by Marijani Stud and Kallista Allen (In-Hand) owned by Rene le Roux.

## **2007 National Championships**

If you would like a superb memento of these Championships, why not buy the Supreme Championships DVD? Jurie Kruger filmed all the Supreme Championships held on Tuesday evening and has produced a top quality DVD of the Championships set to music. He also filmed most of the individual breed championships and several of the Children's classes and these are available on separate DVDs. Cost per DVD is R300 and they can be ordered direct from Jurie on 0828047417 or 0126619227.

# Veranderinge aan Konstitusie

Verskeie veranderinge aan die konstitusie is tydens die Algemene Jaarvergadering (A.J.V.) op 30 April aanvaar. Terwyl party veranderinge slegs huishoudelike sake was, was daar ander baie belangrike kwessies. Die belangrikste hiervan was die verandering aan die verkiesing van die Algemene Raadslede (nie die Streeks Raadslede nie). In die vervolg moet een Algemene Raadslid skriftelik deur die lede genomineer word, ten minste 21 dae voor die A.J.V. As meer as een nominasie ontvang word, sal die lede teenwoordig by die vergadering, deur middel van 'n geslote stembrief die Raadslid verkies uit die nominasies. Die ander groot verandering was dat die Algemene Jaarvergadering nou enige tyd binne 9 maande na die einde van die finansiële jaar gehou kan word. Dit gee ons die geleentheid om die AJV te hou op 'n datum wat nie met die Nasionale Kampioenskappe bots nie, en wat meer tyd toelaat vir bespreking deur lede.

## Die prosedure vir die verandering van die Konstitusie

Omdat daar verskeie voorstelle vir veranderinge was hierdie jaar het ek verskeie navrae gehad oor hoe die proses eintlik verloop. Enige erkende senior lid ('n lid wie se ledegeld opbetaal is tot op datum) mag 'n voorstel maak aan die A.J.V. Voorstelle moet die Sekretaresse 40 dae voor die A.J.V. bereik en moet gesekondeer wees deur nog 'n opbetaalde senior lid. Die rede vir die 40 dae bepaling is om tyd toe te laat vir die voorstel om vertaal te word na Engels of Afrikaans soos vereis en ingesluit te word in die A.J.V. agenda wat 30 dae voor die vergadering in beide tale uitgestuur word. Die 30dae vereiste is om tyd toe te laat vir verdragings in posaflewering (slegs een lede van ons lede het toegang tot e-pos) en gee lede tyd om die voorstelle te bestudeer. Omdat lede volmag stemme kan gebruik vir die A.J.V. meot ons tyd toelaat vir hulle om alle aspekte van 'n voorstel te oorweeg en te besluit hoe hulle wil stem vir die kwessie. Vir hierdie rede word nuwe voorstelle nie van die vloer af by die vergadering aanvaar nie, maar wysigings tot bestaande voorstelle word wel toegelaat.

Vir enige voorstel wat nie 'n konstitusionele verandering is nie, is 'n eenvoudige meerderheid nodig om die voorstel te aanvaar. Vir die aanvaarding van 'n konstitusionele verandering moet die punt deur 'n twee derde meerderheid opbetaalde lede teenwoordig by die vergadering ondersteun word. Konstitusionele veranderinge kan verreikende gevolge hê vir die Genootskap en dit is 'n veiligheidsmaatreël om te verseker dat die meerderheid lede die voorstelle steun. Wanneer enige ander voorstel aanvaar is, tree dit onmiddellik in werking, maar dis nie die geval met 'n konstitusionele verandering nie!

Die Veeverbeterings Wet vereis dat alle konstitusionele veranderinge deur die Registrateur Lewende Hawe goedgekeur moet word voor dit in werking kan tree. Die Registrateur vereis van Telersgenootskappe om hulle konstitusionele veranderinge aan die SA Stamboekvereniging voor te lê wat kyk dat die veranderinge in lyn is met die SASBA konstitusie en dan aan die Registrateur bevestig dat hulle die veranderinge aanvaar. Slegs dan sal die Registrateur die veranderinge ondersoek en besluit of hy sy goedkeuring sal gee. Hierdie proses kan tot 18 maande neem en geen konstitusionele veranderinge kan in werking tree voor skriftelike aanvaarding van die Registrateur ontvang is nie. So, frustrerend soos dat mag wees vir ons lede, kan ons nie "net die konstitusie verander nie".

# Foresyte Prince Edward

04.10 1980 - 13.02.2007

The 13th February this year, was the inevitable day I had dreaded for many years. However, although it still hurts to see

another pony in his special stable, I can now look back and remember the fun we had together.

Teddy loved people and enjoyed visitors, especially children, so it was always a pleasure to show him off. In the 1980s when he was at the peak of his showing career the Welsh scene was very different from today. I am always amused at the requests for separation of classes not only by section but by age and sex (and very proud that we have the quality and quantity of ponies

to meet these requests). At that stage there were no Cobs and Sections A and B were always combined, usually judged, in the then Transvaal at least, by SANEF judges, excellent on conformation but not always finely attuned to the differences between the Sections. Fortunately, Teddy had a massive personality and tended to dominate the ring. In those days Section Bs were

turned out plaited and trimmed and this was the one aspect of the show-ring he truly hated. I well remember when as a two-year

old being plaited, he decided that enough was enough, put me and two grooms on the floor, jumped out over the door of his stable at the original Rand Show grounds and went to visit the neighbours. As their owners will confirm he passed this dislike of trimming to many of his progeny but he also passed on his spectacular movement, beautiful bone and exceptional temperament. He has produced S.A. Champions in both showing and dressage and as a Sire of Sires can

claim a huge influence on, among others, the Ashgar Stud through his son Caegwyn Bracken.

While nothing will ever quite fill the void he has left, we treasure the memories and look forward to enjoying the success of his first and second generation progeny for many years to come.

### Subject: Welsh Judges Examinations

Why have them if, as it seems to me, there is no future in South Africa?

I can remember years ago my big aim was to be a Welsh Pony Judge! Studying for hours, reading books, asking questions, flying all over South Africa to big studs to see different ponies and gain knowledge. Everything was wonderful, from training shows to our SA Nationals and to my International judging experiences.

Where did it all go wrong for our local judges?

We don't get invitations to major shows any more. Training shows are there for the learner and junior judges. In the Northern region, for example, our shows that mean anything such as Pretoria, Autumn Gold Cup, Summer Show and Horse of the Year all use overseas judges. If it was not for the Eastern and Western Cape, we would be judges only on paper.

I can understand that we need overseas judges, but please give our own judges an opportunity to judge also. What about "Proudly South African"? Our South African judges must be good if they are on senior and national panels to judge at major shows!

I am not anti overseas judges at all. It is easy to say the members want overseas judges, but why have them all the time. Make use of Western Cape, Eastern Cape, Natal and Northern Region judges. People will want to kill me for what I am about to say. The closest for me to judging a National Championship is to judge Robertson Show!

Breed classes are strong. Harness classe – you will not find better anywhere!

For our Nationals we should, from time to time, make use of South African judges. I would like to hear what people think. You are wel-

## Congratulations are in order!

We were wonderfully surprised at the prize-giving dinner that was arranged by the WPCS. We as exhibitors welcomed the relaxed atmosphere that was present at the dinner. It was soothing to tired bodies. The laughter and the talking of all the excitement that had taken place in the showing that filled the air gave an indication that all who were there were having a great time.

We really appreciated the plate of food after all the "quickie" meals during show time - it was most welcome. The appreciation goes deeper - this also meant that we didn't need to still go and make food, so we could start packing up for our long journey home.

The food was really delicious - thumbs up for the cook.

We raise a glass of champagne to you the WPCS and give you a great, hearty thank you for the successful evening. We hope that this will be kept on the agenda for all future national shows.

With loving regards,

come to write direct to me. I am very fortunate to have qualified to judge different breeds and I am still busy with other exams. I feel sorry for those who have to depend on a judging engagement

at a major show in the Northern Region!

I look forward to hearing from you.

## Tarkastad Show Officials

I was very lucky to have the opportunity to go to Tarkastad show this year to do a junior harness judging assignment with Boy Human, senior judge on the day. Unfortunately, it meant that I missed Horse of the Year show as it was the same weekend. Judith Harrison accompanied me and we had a marvellous time amid stunningly beautiful surroundings and some gorgeous ponies. Thankyou Nic Hannekom, Oom Boy Human, Jean and PJ Budler and all the other people there who made our trip a very memorable one.

Here is a photo taken in Tarkastad of all of us: Willie Buys (learner judge) P.J. Budler, Judith, Nic Hannekom, myself and Boy Human.

## IMPORTANT

# Do you have an ICE number?

Most of you carry a mobile phone with names and numbers stored in its memory, but probably nobody, other than you, knows which of all those names is your closest family or friends. The very people whom you would want to have contacted if you were involved in an accident or were taken ill. The paramedics treating you would find your mobile phone but wouldn't know who to call. Yes, there are hundreds of numbers stored, but who must be contacted In Case of an Emergency? Hence this "ICE" - In Case of Emergency - Awareness drive.

The concept of ICE has been active in Europe for a few years and is catching on quickly in South Africa. It is a method making it clear who should be called during emergency situations. As cell phones are carried by most people, all you need to do is store the number of person who should be contacted during emergency under the name ICE ( In Case of Emergency).

In an emergency situation, Emergency Service personnel, paramedics, hospital staff or even a stranger who might be at the scene of an accident would be able to quickly contact the right person by simply dialling the number you have stored under ICE.

Store more than one name under ICE1 and ICE2 and ICE3. This is a great idea that will make a difference! Let's spread the concept of ICE. Store an ICE number or several numbers in your Mobile phones right now. Make sure that all members of your family store ICE numbers.

This idea started up overseas and paramedic groups like Netcare 911 and Provincial Ambulance Services etc. are aware of it. To be totally effective, it should be included in the routine training programs for paramedics that they should check mobiles for ICE once a patient is stabilised. It's great. And it works.

Do it now ! Now is usually the best time to do whatever you want to do. Specially if it is so beneficial.

# AROUND THE STUDS

## HAYCROFT WELSH COB STUD

Haycroft Welsh Cob & Sport horse stud is situated in the Natal Midlands, owned by Gill & Angelo Borros and was formally registered in 2006 with the aim and commitment to breeding quality Welsh Cobs. Bryntirion Nifwyl's Punch is our foundation stallion (Bukkenburg Nifwyl and Bukkenburg Pride). We have a 2-year-old colt that we will retain as a stallion, Llandilo Maestro (Medway Victor, Bukkenburg Marlene). Haycroft presently have five cobs and are looking for more quality broodmares. Haycroft's first foal by Bryntirion Nifwyl's Punch out of Toadhill Golden Saffron was born on 29/11/06, Haycroft Prince Gwydion (named after the Welsh God of Forestry and Tracking). We were pleased when he came third at the Nationals this year as this is our first time showing! Punch, Saffron and Gwydion came second in the family class (Mare, Stallion and Foal) so we were thrilled! We learnt a lot at the show and were inspired by the many wonderful cobs in the country. After looking at all the breeds thoroughly we chose to breed Welsh Cobs for their beauty, brains and brawn and to top it all they seemed one of the most versatile breeds today. Great for adults and children! We have only encountered cobs with wonderful temperaments,

intelligence, strong constitution and the ability to excel in many disciplines like jumping, eventing, dressage and driving. We are excited that there are many new imports into SA and hope to be in the position to import in the near future.

As we have been predominantly involved in the thoroughbred and racing world for many years we have decided to cross thoroughbred with welsh cob to breed up to height sport horses for young adult riders. We have two excellent

*Centre Top: Haycroft Prince Gwydion at 4 months.*

*Centre Bottom: Toadhill Golden Saffron our foundation Mare (4 years)*

bloodline (Rocky Marriage and Foveros) mares who are expecting foals later in the year. A new breed of warmblood!

We have found this endeavour to be very exciting as we can see the potential for this type in South Africa. We hope to take more Welsh Cobs into the competition arena so they can be recognized, as they are internationally, as one of the finest and most endearing breeds worldwide. Go to our website [www.haycroft.co.za](http://www.haycroft.co.za) for more information.

## LLANDILO STUD

In June 2007 Llanarth British Lion arrived at Llandilo to join our team. It had been our plan to import another stallion, at a later stage, to put to our Fronarth Desert King fillies.

When Digby and Lindi Donaldson contacted us and said that they were looking to specialize more in the breeding of mountain ponies and were prepared to let British Lion go, we felt that we had found our man! A very big thank you to them for entrusting this magnificent stallion to us. We feel really privileged to own two such wonderfully bred stallions who complement each other so well. Interestingly, both stallions go back to Nebo Black Magic. I have no doubt that the influx of new blood to South Africa from Wales in the last few years will greatly enhance and benefit the Cobs in South Africa.

## DIBYNN STUD

The 2006/2007 stud season has been an exciting time for Dibynn Stud.

We were expecting four foals this season – double our normal number, and this was due to the requirements of quarantine for the imported semen we were fortunately able to import.

The three foals from imported semen (2 ex Strinesdale Matador and 1 ex Westacre Concerto) – a miracle all fillies – are outstanding, and represent a huge advance for us in both in quality and true pony type. It is truly a lesson that it is essential to constantly improve the genetic pool available.

The fourth foal – and yes another filly (what a change from the constant colts), is out of D'leni Christmas Queen. A filly who is already picking up her mothers habits and character - I am not sure if this is a blessing or a curse. Queen who will be 19 this year remains irrepressible, screams and carries on every time any one goes to a show and she is left behind and will thus be returning to the ring when this foal is weaned.

Our exciting yearling made her debut this season, China Gold, and has exceeded our expectations. She was part bred youngstock champion at HOYS, then Supreme Champion General Breed mare and Champion part bred mare at Autumn Gold Cup. She excelled in

the Interbreed Championship by standing Reserve Supreme.

Star Quality has had a career change and is now excelling in Dressage and it is planned she will be put in foal to Strinesdale Matador at the end of the year.

## TIPUANA STUD

Exciting news is that Plasderw The Minstrel has joined the stallion ranks here at Tipuana. He is a five year old chestnut son of the legendary Pennual Mark out of Blackhill Picture, a daughter of Weston Dixie, he the sire of Blackhill Piccolo.

Mark is a son of Revel Jeeves, regarded by Wynn Davies in his latest book as the sire of the last quartile of the last century, having produced Pendock Legend as well as Mark. The only sire to break the Jeeves - Mark - Springbourne Caraway- Legend domination of the ratings has been Weston Dixie – broodmare sire of The Minstrel.

Nine foals are expected this coming season – two by Llanarth British Lion, out of the cob mare Bukkenburg Yolandie – she by Parc Crusader out of Bukkenburg Gwerner, and Vayntas Del Karla a chestnut daughter of the imported Hanoverian Del Gardo – sire of Mossandi Diadem, winner of the S A leg of the F E I World Cup qualifiers last season and show jumper of the year - and an Anglo mare by the famous Falouk. The mountain pony foals are by our resident sires – Waxwing Talisman has Llandilo Hollyhock, Llandilo Paragon, fresh from her win at nationals where she took the mare championship, Destiny Karen and Avanze Emily in foal, whilst Llandilo Halwyn has Llandilo Foxy Lady and Southwynds Curtain Call in foal. Usnad Candy is expecting a Llandilo Galaxy foal. After much soul searching we have decided to let Llanarth British Lion go to Jean Budler. The farm is bursting at the seams - running enough mares to support a cob stud as well as the mountain ponies has proved to be too much. We wish this magnificent stallion all the best with Jean. It has been a privilege and an honour to have him and we know he will do great things for Llandilo.

Llandilo Galaxy will accompany him to the Eastern Cape to go to Derek and Doreen Kohler, as will Llandilo Peaches and Cream who joins Ann Kerr in Prince Albert. Tipuana Allegra recently left to take up residence with Lynette Blackie. Good luck and best wishes to the all the ponies and their new owners.

## FORSIGHT STUD

With the increase in horse sickness and the fact that my ponies have to live out I have not bred any foals for a couple of years. It might be of interest to note the success of Foresight Gluwein who, in eighteen months of being ridden by Heather Robertson has gone to CA, he

## Dibynn Star Quality

Quality and I have only been doing dressage together since March this year, and already have 89 points in Elementary.

We qualified 2nd highest at the SANEF selection. Quality loves to show off her flashy medium trot and gave a beautiful performance to the Walt Disney classic Mary Poppins at the 2007 Freestyle Festival to win the Pony Rider Elementary Championship. She also gained the trophy for the highest score at the show with a convincing win on 73.63% She also won the Elementary Championship at the Pony Rider Festival and qualified 2nd highest for Pony Derby. Quality was chosen for the THS Dressage and Showing teams to compete at the 2007 SA Pony Rider Championships in Kyalami at the end of June.

*Anthea Michaelos*

came 2nd in the CA Championships at the Pony Rider Festival and 3rd in the Pony Rider Derby. He is in the Pony Rider Eventing team and the Pony Rider Equitation team, he did not make the show jumping team due to his lack of experience having only competed at three CA shows. He is by a Warmblood, Boris, out of Foresyte Cambrian Babycham which is a great mixture – 25% Warmblood, 31.25% TB and 43.75% Welsh and he measures exactly 14.3hh with shoes! Gluwein is pictured below with Heather.

# Novice Points as at 31 May 2007
